## The 2008 Making Strides Against Breast Cancer Walk is Sunday, October 19th at SUNY Institute of Technology.

Like most women, we have all been affected by breast cancer in some way. And we all have the power to make a difference in the fight against the disease. That's why more than 500,000 passionate supporters walk in the American Cancer Society's Making Strides Against Breast Cancer every year to help achieve a future where breast cancer no longer threatens those we love.

Thanks to the American Cancer Society, the Making Strides Against Breast Cancer Walk and dedicated people like you, we're making progress in the fight. We are happy you have chosen to support the American Cancer Society through the Pink Ribbon Golf Classic. Together we are making strides against breast cancer.  
Hope Starts with us!

Thank you.
